International College & Graduate School (ICGS), a Christian college and seminary, will offer an English as a Second Language (ESL) program beginning in January 2005 with trimesters starting in January, May, and September of 2005. This five-level program will be for beginning students who have had some English language instruction to advanced students who are preparing to enroll in English-speaking colleges.

Why choose ICGS?

ICGS's ESL program has many features to help students learn English quickly:

- The best teachers. They are all well-qualified and very friendly so students will enjoy learning.
- A small student-to-teacher ratio so students can get individualized attention from teachers.
- A controlled vocabulary learning program that helps students learn the words they need at the right time.
 - An extensive reading program that allows students to begin reading in English from the first day of class.
 - Frequent evaluations so students can see their progress.
 - Year-round classes so students can make progress in English quickly.
 - At the most advanced ESL level, students will have the choice of two tracks. The first track is for students who will be pursuing degrees at theological institutions. The second track is for students going on to other institutions.
